laburton@mcgrathnicol.com

Lauren is a highly skilled restructuring and insolvency specialist, with more than ten years' experience working on a number of complex formal insolvency engagements.

Lauren's experience includes being involved on a number of formal insolvency engagements and receiverships, trading on and restructuring businesses and managing asset realisation programs.

Lauren has experience in managing complex forensic investigations, litigation and recovery actions, including reporting to regulators, such as ASIC and the ATO.

Recent engagements include managing the liquidations of certain entities in the Caratti Group and managing the liquidations and restructuring of certain entities in the Fotios Group. Lauren has worked across a broad range of industries including property development, mining services, agriculture, transport, printing and construction.

Engagement Experience —

- Managing a group of large and complex formal insolvency appointments with material taxation liabilities involving significant forensic investigations, asset tracing, identification and recovery action.
- Managing a range of Liquidator recovery actions for the benefit of creditors, with experience in public examinations of directors and other parties, voidable transactions, insolvent trading and transfer of assets to related companies.
- Liquidation or Deed of Company Arrangement of several entities in the Fotios Group, including ongoing trade on and managing asset realisation programs.
- Receivership of a transport business, including implementing asset realisation program, asset tracing investigations and public examinations.
- Voluntary Administration of a mining services company based in North-East Western Australia, including ongoing trading and implementing asset realisation program.
- Voluntary Administration of a transport and logistics company based in North-West Western Australia, including implementing asset realisation program for sale of several commercial properties.
- Managing asset realisation program for sale of a number of residential properties in North-West Western Australia as part of a receivership.
- Managing realisation program of various bank guarantees, retentions and debtors as part of a construction receivership.

Qualifications & Memberships —

- Member, CA ANZ
- Advanced Certificate in Insolvency and Restructuring (UTS)
- Bachelor of Commerce, Majors in Accounting and Finance, University of Western Australia

McGrathNicol

McGrathNicol
