acampbell@mcgrathnicol.com

Amy is a restructuring specialist who brings strong technical expertise and a practical, outcome focused approach to resolving complex matters.

Amy has spent a decade assisting governments, lenders, legal advisers, boards and management teams navigate periods of financial distress, strategic change and operational underperformance.

Amy has delivered a number of high profile restructuring and advisory engagements, and has a diverse skill set having worked across a number of complex restructurings, independent business reviews, trading insolvencies and distressed transactions.

She has experience across a range of industries, including aviation, property, transport and logistics, mining, retail and healthcare.

Engagement Experience —

Amy has a variety of experience, with key highlights including:

- Rex Airlines – Advising the Commonwealth in relation to the Rex Airlines Voluntary Administration process.
- Virgin Australia – Conducting buy-side due diligence for Cyrus Capital Partners' proposed acquisition of Virgin Australia.
- Callide – Advising the Queensland Government on its exposure to the Callide C power station.
- RCR Tomlinson – Administration of a \$2b global construction and engineering contractor.
- Bedford – Administration of one of Australia's largest disability services and employment provider in South Australia.
- Steller Property Group – Receivership of Steller, an extensive Melbourne based property developer.
- Navarre Minerals QLD – Receivership of Mt Carlton Gold Mine, one of Australia's higher grade open-pit gold operations at its height of production, on behalf of an ASX listed client.
- Annecto Incorporated - Administration of Annecto, a provider of disability and ageing support services to more than 3,000 people with disabilities, veterans and older adults.
- Toys R US – Administration of one of Australia's largest toy retailers.
- Greater Western Water - Member of the external advisor team engaged to assist with planning and delivering the integration of City West Water and Western Water.
